

PROFILE

Sustain International e.V.

CREATING A GLOBAL SUSTAINABILITY HUB!

WHO WE ARE?

SUSTAIN INTERNATIONAL e.V.

Sustain International e.V. is a non-governmental organization passionate about touching lives through the empowerment of education, health and environment. We possess a well brewed network of vibrant and selfless leaders, passionate volunteers and funders who buy into our vision as an organization.

CREATING A GLOBAL SUSTAINABILITY HUB!

We stand for and believe in the **Sustainable Development Goals 3, 4, 13** which are **Good Health And Well Being; Quality Education and Climate Action**, respectively.

Hence, our projects are tailored to meet these carefully selected goals which generally promises a better life for all.

OUR MISSION & VISION

OUR MISSION

We are here to provide communities with the necessary toolkit for personal and social development and help them live healthy and meaningful lives, through poverty reduction, hunger eradication, environmental sustainability and increased standard of living.

S.I. IS ALL
ABOUT
PEOPLE,
PLACES &
PROJECTS!

OUR VISION

We are building a very solid organization that bridges the gap between nations through a well structured volunteer programme where people from all walks of life are given the opportunity to touch lives by being a part of any of our projects. Our Vision is the legacy we are building through our people.

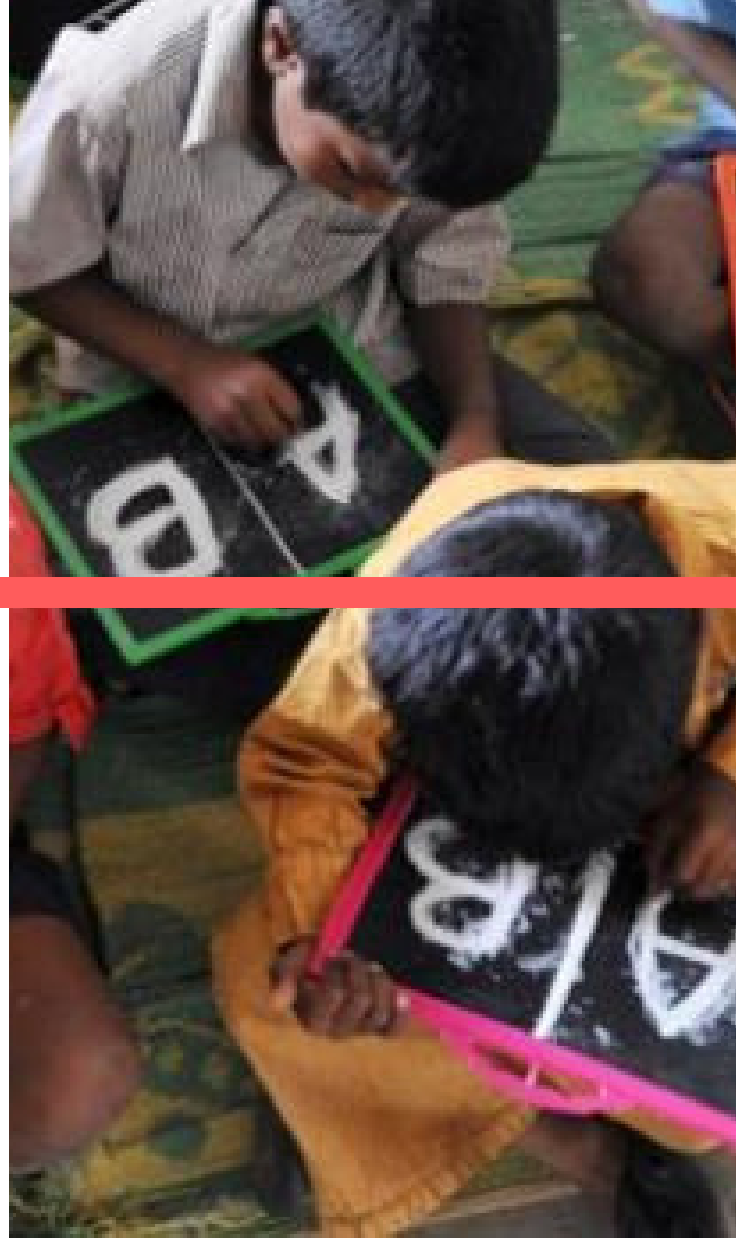

OUR PROJECTS

EDUCATION, HEALTH & ENVIRONMENT

Education: The Sustainable Development Goal (SDG) number four (4) states that obtaining quality education is the foundation for creating sustainable development. We are keen on identifying problems in the area of education in deprived communities and providing a sustainable solution to such problems. Our solutions are in the form of deploying teaching volunteers to these deprived communities, building libraries, ICT centres and renovating old school buildings.

OUR PROJECTS KEEP OUR VISION ALIVE.

**Official project of the
UN Decade**

**"Education for
Sustainable
Development"**

**Excellence for the
years 2010/2011**

OUR PROJECTS

EDUCATION, HEALTH & ENVIRONMENT

Health: The SDG three (3) is focused on ensuring healthy lives and promoting the well-being at all ages. In lieu of this we are inspired to undertake project that supports child health, maternal health and other diseases.

Environment: Everything surrounding us is meant for us to survive. So if we don't concentrate on them , our survival will be limited. That is why we are passionate on projects that will help sustain the environment. Because of this, we are aligned with The SDG number thirteen (13) which is also focused on strengthening the global response to the threat of climate change.

WE GET TO
GIVE OUR
HEARTS OUT
THROUGH
EVERY
PROJECT.

OUR VOLUNTEER PROGRAMME

We have a fantastic volunteer programme where we provide students and individuals with the opportunity to be a part of an experience worth living for. Volunteers are signed to any of our projects and are posted to the location of the project over the stipulated time of the project.

GET BETTER WHILES MAKING OTHERS' LIVES BETTER.

Aside the projects, volunteers are given an experience of a lifetime by having a feel of the culture of people from different parts of this world. Our volunteers leave this programme with a broader perspective of life and service to humanity. This is a high requirement for a better performance in both their professional and educational life. **More information is available on our website.**

DONATE WITH US TODAY

Our projects become a reality and lives are touched only because there are people who believe in what we do and the impacts there are to attain. We are constantly calling on organizations who want to support any of our projects as their corporate social responsibility or fund managers who are calling on non-governmental organisations with projects to fund them.

WE ARE ALL INVOLVED IN BUILDING A BETTER WORLD.

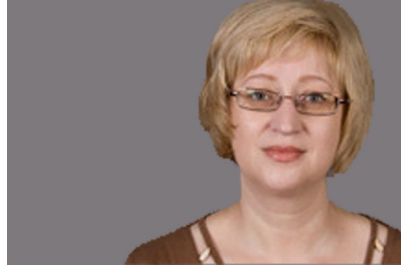

We believe that we are all responsible for ensuring that this world is a better place for us all. This is a philosophy which has been accepted by individuals who contribute their personal funds to our projects.

GET INVOLVED TODAY

Sustain International is on a constant call for volunteers, partners and donors who believe in giving a meaning to humanity and touching lives.

We believe that this is a great opportunity for everyone to get involved in the 2030 Agenda for Sustainable Development. Imagine how beautiful this world could be if we all decide to be a part of the change we have been looking for. The change starts with each one of us.

OUR ARMS ARE WIDE OPEN TO HUG YOU IN!

To be a part of our organization as a volunteer, donor or partner, please contact us through any of the mediums as stated in our contact details.
